KITCHEN TAPS

[end. ORDINARY.]

[range. **TAPS + MIXERS.**]

A NEW KITCHEN ICON IS BORN

The kitchen tap, or mixer, is one of interior design's most prominent fixtures. Aesthetically and functionally, it's one of those everyday items that always needs to be on point.

The Buster + Punch mixer tap is a real totem piece. It features a solid metal composition that includes our signature rough-cast body, machined details and diamond-cut knurled lever, all refined by hand and made in Italy. The result is a piece with a striking visual edge, designed to complement our kitchen hardware and lift it to a new level of refinement.

Clear your worktops, it's time for a new kitchen icon to take the stage.

WE'RE ALL ABOUT THE DETAILS

The kitchen mixer is the type of product Buster + Punch loves to take on. An opportunity to use our expertise in engineering solid metal, combined with our signature finishes and knurling to elevate this functional design. A rough-cast base, brushed neck, diamond-cut cross or linear knurled lever, and matching knurled aerator cap, combine in this striking new kitchen talking point.

Available in a number of options and finishes, to complement our kitchen and cabinet hardware collections, use it to sculpt a seamless Buster + Punch kitchen look.

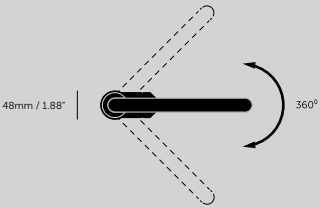

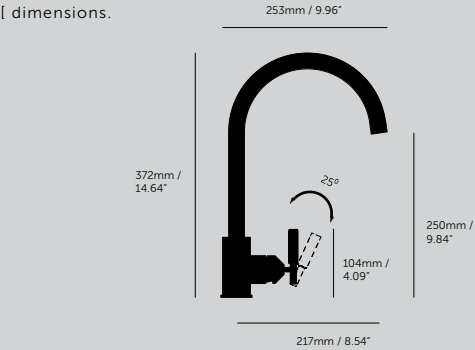

KITCHEN TAP / MIXER

CROSS.]
- [action.] **SINGLE LEVER MIXER.]**
- [water.] **WARM + COLD.]**
- [material.] **SOLID METAL.]**
- [process.] **DIAMOND CNC LATHE.]**

[info. **PRODUCT.]**

A solid metal, single lever tap, mixing aerated warm and cold water. The base is made using our rough-cast process, meaning each tap is unique. The neck is solid brushed metal, refined by hand, and finished with a cross or linear knurled aerator cap. As with all our taps and mixers, the killer blow comes from the cross or linear knurled lever.

DIAMOND CNC LATHE.]

[info. **PRODUCT.]**

A solid metal, single level tap with pull out spray, mixing aerated warm and cold water. The base is made using our rough-cast process, meaning each tap is unique. The neck is solid brushed metal, refined by hand, and finished with a cross or linear knurled extended aerator cap for enhanced functionality when using the spray. As with all our taps and mixers, the killer blow comes from the cross or linear knurled lever.

INSTANT HOT WATER TANK
+ FILTER KIT INCLUDED.]

[info. **PRODUCT.**]

A solid metal 4-in-1 kitchen tap mixing warm and cold, filtered cold, plus filtered instant hot water. The functional mixer has a rough-cast base, each one unique thanks to the casting process. It also features a hand brushed solid metal neck, cross or linear knurled aerator cap, and matching diamond-cut cross or linear knurled solid metal lever. Its filtered cold and instant hot water functions are activated using a safety knob.

"Objects like a tap are great opportunities for designers. Our minds instinctively know how a tap needs to work, so there are set boundaries to push against. I wanted to bring our knowledge of rare solid metals and different finishes to enhance functionality but also use our signature knurling and rough casting to elevate the styling. Everything comes together in a piece that just seems to call to you."

MASSIMO BUSTER MINALE
